BICES Enjoys the Best Exhibition Venue of North China

—— China International Exhibition Center (Shunyi Venue)

Advanced Facility With Intergrated Services

The venue consists of 8 indoor halls covering **160,000 m²** spaces under roof with modern show facilities and two pieces of out door spaces of **50,000 m²**, such as meeting rooms, business center, shops, rental office and logistics center, which provides integrated services to exhibitors.

Diversified Events and Conferences

Development & Strategy

- International Production Capacity Cooperation Forum
- Sino-Foreign International Conference on Construction Machinery Cooperation and Exchange
- China-Africa Construction Machinery Cooperation Development Forum

Technology & Innovation

- Technology Innovation and Development Forum
- Intelligent Construction Machinery Seminar
- The Forum on Green and Intelligent Development of Construction Machinery

Supply-Demand Collaboration

- BICES User Festival
- Construction Technology and Equipment Integration Development Conference
- Construction Machinery OEM-Supplier Collaboration Forum

Value Added Services for Attendees

- Free online registration is available by simply logging on www.e-bices.org, which will save your registration and queuing time.
- Organizer's invitation letter will be provided free of charge against request for those who have processed on line registration.
